want to make clear the amendment in no way mandates busing. That's absolute non...a nonstarter. And I listened with interest when Senator Kruse...I don't...frankly, I don't think he's read the amendment. There's nothing in here that's a stick. It allows the learning community to resolve the problem in the way that it sees fit, the best approach to solving the problem. Where else should it lie? If Gretna has a socioeconomic integration problem, shouldn't OPS help solve it? Shouldn't Westside? Shouldn't Bellevue? I think so. We are one community. You drive through this community, I challenge you to find out where Omaha ends and Millard begins, and Gretna starts. And we are in this together. It just makes sense to me that any obligation to integrate should fall to the superboard, and it's logical, it's common sense. It just seems that it's very base...reasonable. With that, Mr. President, I would ask for a call of the house. I would ask for a roll call vote in regular order. Thank you.

SENATOR CUDABACK: Thank you, Senator Bourne.
